

Chat of People and Events

Consolidation of the Twentieth Century and the Woman's Club.

The strength of union will attend the consolidation of the Twentieth Century Club and the Woman's Club which was effected at a meeting last week and will result in one of the strongest and most successful women's organizations of the State. Plans are unfolding for work along unusual and progressive lines; in fact, the women of Columbus have never before sponsored such an ambitious and far-reaching undertaking. Their enthusiasm, the spirit of co-operation and service that animates them, will doubtless have the reward of fulfillment.

The interior of the beautiful new club house is rapidly receiving its finishing touches. It is most artistic and satisfactory in treatment with its walls where pink, tan and cream seem blended, with its old ivory woodwork, and its soft semi-indirect lighting. The large, formal entertainment marking the opening, is scheduled as the conspicuous event of early autumn.

Attention is called to the announcement elsewhere in regard to the initiation agreed upon, and the time limit made necessary by the business organization, and the merging of the two clubs.

In Compliment to Mrs. Lyon of New Orleans and Mrs. Barksdale.

Mrs. Everett D. Lyon, of New Orleans and Mrs. Jones Barksdale, of Marks, former Columbians, whose return always brings the pleasantest of welcomes, shared the compliment of a charming bridge luncheon at which Miss Eleanor Steele entertained on the morning of Wednesday.

The guests were: Mrs. Lyon, Mrs. Barksdale, Mrs. Leonard Brooks, Mrs. Herman Owen, Mrs. H. K. Robinson, Mrs. Allison Hardy, Mrs. Hunter Walker, Jr., Mrs. J. W. Cox, Mrs. Ellzey Pope, Miss Lucile Kaye, Miss Antonette Moore, Miss Ruth Senter, Miss Elise Lipscomb.

The Magowah Gun Club.

The contests of the Magowah Gun Club, the picnic lunches in the pretty woodland setting, have been bright, particular pleasures of the summer. On Friday, the meeting was especially well-attended, with features

that made the day interesting and memorable.

Among the Columbians who motored to the grounds to enjoy the meet were: Mr. and Mrs. William B. Harrington, William B. Harrington, Jr., Mr. W. B. Hamilton, Mr. and Mrs. Frank P. Phillips, Miss Eleanor Steele, Mrs. Jones Barksdale, Mr. George Landrum, Miss Mary Garth, Miss Elizabeth Garth, Mr. Henry H. Gunter, Mr. and Mrs. Hunter Walker, Jr.

Mrs. Gaither in Special Story Number.

Columbus friends of Mrs. Frances Jones Gaither, of Mobile, who have watched her literary success with warm interest and confidence in its fuller recognition as her work progressed, will be gratified to learn that her stories continue to attract attention and gave very favorable criticism.

In the current number of McCall's Magazine, the Special Story Number as it is designated, is a delightful story from Mrs. Gaither's pen, bearing the title, "The Blue Butterfly." That it has place in an issue giving the best of fiction in a specially arranged number, is another evidence that she has definitely "arrived." Those who have followed her career, feel justified in harboring the belief that assured success awaits her.

Colonel R. W. Banks and Miss Lucile Banks have a wide circle of friends in this, their old home, who will be interested in knowing that Miss Banks has been granted the tea room concession at Gulfport Country Club, and with her father will reside there the coming winter. Col. Banks' youngest daughter, Mrs. Milton Odeneal, now makes her home in Memphis, where Mr. Odeneal has recently accepted a desirable business offer.

Mrs. Ellzey Pope entertained informally at a pleasant picture party Wednesday evening, having as her guests: Mrs. Everett D. Lyon of New Orleans, Mrs. Jones Barksdale, of Marks, Miss, Mrs. Allison Hardy, Miss Antonette Moore and Miss Eleanor Steele.

Mrs. E. P. Wilkinson, with her daughters, Mrs. Augusta Westmoreland and Miss Helen Eguen, expect

to leave early in September for a visit of several weeks to New York City.

Miss Carrie Estes leaves this week to resume her studies as Principal of the Bonn-Avon School, San Antonio, Texas, after a pleasant vacation at home. Other leave takers are: Mrs. Dunbar H. Ogden and children, who after a visit to Mrs. Ogden's mother, Mrs. Augusta Cox, have returned to Louisville.

Mr. and Mrs. Howard and Miss Hester King, who are at their country home near Scooba for the summer, were in the city last week. They were guests of Mrs. King and Dr. and Mrs. W. R. McKinley.

On account of the serious illness of Mr. Harvey Savage, who is occupying the Banks place on Second Street South, Mr. and Mrs. Willis Banks will not be able to take possession of their home on the first of September as anticipated. For the present, they will be at their plantation near Bent Oak.

Miss Katherine Maer and Miss Dorothy Baird are expected this week from Biloxi, where they have been delightfully entertained for the greater part of August.

Major James R. McDowell of Jackson, who has many Columbus friends, is a prominent young Mississippian to return from overseas. Major McDowell served as Judge-Advocate of a Western Division of the Army, and since the signing of the armistice, has been in Germany with the Army of Occupation. He has not yet been discharged, but is on special detail at Washington.

Dr. Murdock Eguen, who, since his return from France, has been engaged in post-graduate study in New York, will locate in Atlanta upon the completion of his course, and will specialize in eye and ear work. His mother and sisters will be with him during their stay in New York.

Mrs. Lida Sykes will arrive home on the second after spending the summer in Clarksdale with Mr. and Mrs. Arthur Martin. She will be the guest of Mr. and Mrs. J. T. Sanford for a short while before taking possession of her apartment in the Hary Residence on Main Street.

Governor and Mrs. A. H. Longino, of Jackson, are entertaining at a house party at their cottage on the Gulf Coast. Mr. Wiley Johnston of this city is among the young men in the list of guests for the occasion.

(Concluded in Wednesday's Dispatch)

STREET PAVING REPORT.

Councilmen L. A. Vaughan and S. M. Nash returned yesterday from Macon, Ga., Atlanta and Birmingham where they made personal inspections of concrete paving.

They were favorably impressed with the results of their investigations and they are confirmed in the opinion that concrete paving is the most durable and most satisfactory from every stand point.

They made the trip so that they might be in position to act intelligently when the matter of deciding the method of street paving in Columbus comes before the council this week.

Mr. Vaughan stated that Macon had laid 16 miles of concrete paving and that the citizens and officials of that city would have nothing else. The city had experimented with all kinds of paving previously and the results attained from concrete were so satisfactory that it is the policy of the city to use concrete exclusively in both the business and residential sections.

The councilmen stated that the engineer at Macon who is the best expert in the country on concrete paving, would be sent to Columbus for a few days in the event this council here decided upon concrete paving.

It is expected that the council will act the matter this week.

COLLEGE NEWS.

Three Board of Trustees of the State Institutions, educational, has been in session at Jackson for the past two days. Among the actions taken by the board are increasing the salaries of the heads of the three leading colleges of the State from \$3500 to \$4500, and the heads of all departments to \$3600. All teachers salaries were increased from 25 to 40 per cent.

It is reported that President Whitfield was elected for another year as president of the local college. A rumor was current on the street here yesterday that former Governor Longino had been elected president of the college but our Jackson informant knew nothing of it.

MR. VAUGHAN GRATIFIED.

Vaughn thanks friends and supporters for what they did for him in his race. Not knowing who voted against him, he looks upon every man as if he was the one who did vote for him.

Vaughn's Campaign Committee.

Mr. and Mrs. G. W. Miller have named their little daughter Dorothy Virginia.

CLEAN-UP CAMPAIGN.

Local health officials have launched a campaign for better health conditions in Columbus. The movement was inspired by existing health conditions in the city which are not as good as they should be.

The situation is not in the least alarming, there being only slightly above the normal amount of general sickness in the city. But the officials are desirous of taking every precaution to safe guard the health of the community.

To this end the active co-operation of all citizens is solicited.

Mr. M. T. Flood returned Monday from New Orleans where he spent a week on his vacation.

A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught. Relief From Headache, Malaria, Chills, Etc.

Ringgold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a user of Thedford's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Thedford's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit. If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result.

Thedford's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Thedford's, the original and genuine. B 79

Among the visitors to the tournament last Friday whose coming gave pleasure to a large circle of friends, was Mr. Jas. Brayles, of the Birmingham Arms Company. Mr. Brayles was formerly located in this city and was given a royal welcome by all of old time fishing and hunting friends.

Mr. F. E. Rutledge, traveling salesman for the American Tobacco Co., has moved his headquarters from Laurel to Columbus and will reside in this city in the future.

A number of Columbus boys will attend college this year. They are as follows: Those who will attend A. & M. are: Messrs. Otto Land, Joe McCaskill, Atwell Williams, Theodore Patton, Dudley Divilbiss, Jennings Hardy, and Dan Johnston. Mr. Wiley Johnston will attend the University of Alabama. Messrs. Adair Marshall, John Lindamood and Joe Love will attend the Southern Presbyterian University at Clarksville, Tenn. Messrs. George Lipscomb, Battle Bell, Holland Felts, Harry Dashiield and Marion Vaughn will attend Fitzgerald and Clark's at Tullahoma, Tenn.
